Memo for DCI through DD/S from Acting Comptroller, dated 29 Nov. 1955,
Subject: Status of Fiscal Year 1956 Funds. Secret.

(This memo gives total obligations for the first four months of FY56
[redacted] leaving unobligated balance [redacted] for
the remainder of the fiscal year. For the same period the Bureau of
the Budget had approved [redacted])

Par. 4 makes the amazing statement that "It is not possible at this time
to estimate with any degree of accuracy the probable total obligations
for FY 56." It seems to me that some kind of projection could be made.
A little arithmetic shows that present rate of spending is under the
appropriation.)

In connection with the letter from the Director of the Bureau of the Budget, dated 17 Aug. 1954 to DCI on assignment made by the President to the Bureau of the Budget on Aug. 5 relating to the coordination of economic, psychological, and other nonmilitary defense measures, a series of questions were submitted.

DD/P prepared a TS memo (96172) for DCI entitled "Notes for Discussion with the Dir of the Bureau of the Budget in Response to his letter of Aug. 17, 1954." DCI prepared a TS letter to Director of Bureau of the Budget (102980) which was much more general than the notes prepared by DD/P (whose memo by the way was not signed.)
